Church Restructuring

### Introduction

Dear Friends, and Partners, welcome to this special edition of our newsletter. As we reflect on the past few months, our hearts are overflowing with gratitude. In the heart of the community we serve, we continue to see that there is a community of love, there is no limit to what our children can achieve. From academic triumphs' to structural transformations, the Uzimatele spirit shining brighter than ever.

In this 2025 year where we experienced significant financial difficulties, you were the hands and hearts that carried us through. Thank you for standing with the Uzimatele family.

### 1. MILESTONE AT UZIMATELE FAMILY HOME

Congratulations Mitchell!

We are bursting with pride to share some incredible news from Uzimatele Family Home. After a long journey defined by resilience, late-night studies, and unwavering focus, our very own Michelle has officially graduated!

Mitchell was awarded a Diploma in Human Resource Management from Mount Kenya University. This is more than just a certificate; It is a testament to the fact that dreams are valid, no matter where you start. Please join us in cheering Mitchell on as she steps into professional world, ready to make a difference!

Mitchell's journey with us began at the tender age of four. Orphaned totally and vulnerable, she was brought to Uzimatele by her grandmother who was struggling to survive. Pastor George first encountered them at a garbage site, where the grandmother was scavenging for items with little Mitchell strapped to her back. She started schooling immediately after her admission and that marked the start of her new dawn. Throughout her life, Mitchell has known Uzimatele family as her only family and as a result, she has completed her studies proudly with a Diploma

## 2. UZIMATELE SCHOLARSHIP PROGRAM

Photo: Some of the Uzimatele scholars with the Director Pst George Otieno.

Our scholarship program continues to change lives, one four-year journey at a time. This year, six of our dedicated Uzimatele scholars completed their form four KCSE examinations.

While we wait for the official results, our hearts are full of hope. We have watched these six young individuals grow, learn and persevere over the last four years. We want to extend our deepest appreciation to you-our partners-for walking this entire four-year path with them. We are certain that when the results are announced, they will vindicate your support and investment you have made in their futures. Transition from 8.44 old curriculum of Education to CBE (Competency based Education) with the last lot expected to complete by the year 2027.

### 3. UZIMATELE EDUCATION CENTRE

Uzimatele Education Center stands as a beacon of hope for hundreds of dreaming children in our community. Recently, our corridors were filled with the focused silence of national examinations as our KPSEA and KJSEA learners sat for their transitions

**KJSEA Triumph!**

We are thrilled to announce that our KJSEA results are out, and they are nothing short of spectacular! All four of our candidates emerged with excellent results. These bright stars are now destined for some of the best senior schools in the Country. Among them is Christine, one of our own from Uzimatele family home emerging the top in her class.

**KPSEA Update:** Our younger learners are also waiting for their results, and we are confident that their hard work will be rewarded soon.

Your support has turned the informal settlement of Gituamba and its neighborhood a Launchpad for excellence. Thank you for making these dreams a reality.

#### 4. A NEW LOOK: CONTAINER INSTALLATION & CHURCH RESTRUCTURING

We are humbled and moved by the physical transformation-taking place at Uzimatele. Thanks to your gracious and timely donations, we have moved the ministry to a completely new level of dignity and functionality.

The container project: We have successfully installed high quality containers that will now serve the Ministry in all its departments. Administration and Directors Offices as well as classrooms for our newly found pre-school school, existing Sunday school, Holiday tuition, Counselling and Mentorship programs.

In the process, our church has undergone a restructuring in order to accommodate the installation of the containers in a visually pleasing state of art worship sanctuary on one side and offices and classes on the other side.

A heartfelt Note of Thanks

None of these milestones –the graduations, the excellent KJSEA results, or the new structures would be possible without the concerted efforts of our partners and our dedicated staff. Every contribution made has significantly bettered the lives of the Uzimatele family.

We are growing, we are thriving and it is all because of your generous support and the Almighty God.

### **Future Plans**

1. Upgrading Uzimatele Education Centre through:
  - a. Building a Science Laboratory and painting classrooms
  - b. Building a Library
  - c. Sponsoring children in the Junior School
2. Completing the construction of the Family home to fifth floor
3. Painting and final finishing of the Church structure.
4. Empowering ladies through skills.

THANK YOU.
